

## SHORE OIL SUPPLY INC

Global Supplier of Refined Petroleum Products

### COMPANY PROFILE

SHORE Oil Supply INC is an international supplier and distributor of refined petroleum products, serving clients across the oil & gas, energy, aviation, marine, transportation, and industrial sectors. We are committed to quality, reliability, and transparent commercial practices, offering flexible supply solutions for both spot and long-term contracts.

### AUTOMOTIVE GAS OIL (AGO) – DIESEL EN 590

High-quality middle distillate fuel suitable for diesel engines in transportation, power generation, and industrial applications.

Typical Specifications:

- EN 590 Standard
- Sulfur  $\leq$  10 ppm
- Cetane Min 51
- Density 820–845 kg/m<sup>3</sup>
- Flash Point Min 55°C

### JET FUEL – JET A-1

Aviation turbine fuel meeting ASTM D1655 and DEF STAN 91-091 standards.

Specifications:

- Freezing Point Max -47°C
- Flash Point Min 38°C
- Sulfur Max 0.30%

### D2 DIESEL FUEL (GASOIL)

Heavier diesel fuel suitable for industrial engines and power generation.

Specifications:

- Sulfur 0.2%–0.5%
- Cetane Min 45
- Flash Point Min 52°C

### LIQUEFIED PETROLEUM GAS (LPG)

Clean-burning fuel composed mainly of propane and butane for domestic, industrial, and automotive use.

### BASE OIL

Available grades: SN 150, SN 500, SN 900. Used for lubricant and grease manufacturing.

### QUALITY & INSPECTION

ASTM / EN / ISO compliance. COA provided. SGS, Intertek, or BV inspection available.

### PACKAGING & DELIVERY

Bulk vessel, ISO tanks, Flexi tanks. Delivery terms: FOB, CIF, CFR, DDP. MOQ negotiable.
